TRAMONTANE 型号 1530

CATANA 65 (2008)

Catana 停泊于 法国

评论: Catana 65 "TRAMONTANE" : luxury, safe and performance.

Catamaran in pristine condition, refitted in 2014 & 2021, fully equipped.
Large cockpit. Large and spacious saloon.
3 double bed cabins, including a large owner ’ s stateroom,
1 twin bed cabin convertible in 1 double bed cabin,
4 ensuite bathrooms with basin, toilet & shower.

TRAMONTANE was built by the CATANA shipyard in 2008. Number 2 of a series of six CATANA 65s.
The first owner sailed for a little over a year with TRAMONTANE, in the Mediterranean, then in the Caribbean.
TRAMONTANE was taken over by the CATANA shipyard following the sale of a new CATANA 65 to its former owner.
The yard made a slight refit of TRAMONTANE and used it for the Barcelona boat show in 2009. The boat was then taken out of the water and remained ashore until 2014, the year of its complete refit (engines, generator, rigging, sails, dinghy, valves, fittings, etc) before its sale to the current owner.
In 2021, a 2nd refit was done (replacement of the front beam, extension of the transoms, removal of the skegs, painting of the mast, etc.).
TRAMONTANE is an extremely well-built boat (bottom of the hulls in TWARON ; planking in sandwich, roof, bulkhead and carbon beam ; all of the interior fittings in sandwich).
It is a high-performance boat (carbon mast, carbon bowsprit, carbon dynema sails, weight centering, high nacelle, thin hulls) and extremely comfortable (heating, air conditioning, watermaker, generator).
Easily maneuverable by one man!

Complete listing & additional pictures on request.
