| 内置/翻新 | 2015/-<br>Patrick Balta |

**评论:** Semi custom Power catamaran
Long range and very economical to run
Custom interior and choice of power plant
The number one has logged over 10000 Nmiles in just over one year -Twice across the Atlantic without missing a beat
We can also built a slightly larger boat on the same design - 1 meter longer or a really larger one at 22 M

**????:**????????????????????????????????????????????????????????????????????????????????????????????,????,???,???????
