TAKE TO THE SEA..... LEAVE THE PROBLEMS BEHIND !

Creating a new model such as the SEVENTY 7 within an already very extensive range was a challenge. Lagoon, with over 30 years ’ experience and nearly 4,000 catamarans built, wanted to take up this challenge to fulfil the wishes of owners in search of another dimension.
The SEVENTY 7 marks an important step towards a world in which luxury and refinement are the watchwords.
Lagoon brought together an illustrious team for the design of its flagship:
- VPLP, the French naval architects with the most awards in the world of racing multihulls and also the most experienced in cruising multihulls;
- Patrick le Qu é ment, the internationally renowned designer;
- Nauta Design, the Italian interior design firm that operates in both the production boat universe (a partner of Lagoon since 2010) and the world of superyachts of up to 600 ’ .

A grand Lagoon is not simply a larger Lagoon; it ’ s another concept, another dimension, a Lagoon belonging to the world of superyachts. A challenge, given the extent to which this universe embodies conventions that had to be incorporated, adopted, without abandoning the generosity and friendliness that are characteristic of Lagoon.
The starting point is life on board. Sailing, living on board, is a succession of moments spent in company with people that you like. We imagined what these moments might be according to the various types of use: family boating, friends, charter··· But also how to accommodate the presence of the crew that such a vessel requires.
We gave the SEVENTY 7 the DNA of a superyacht with a design that visually proclaims our quest for excellence.
