OUR PARTNER GIVES YOU THE OPPORTUNITY TO DEVELOP A CREWED CHARTER BUSINESS THROUGH A TAILORED MANAGEMENT PROGRAM, WITH GUARANTEED INCOME.

TAKE TO THE SEA..... LEAVE THE PROBLEMS BEHIND !

Lagoon, with over 30 years ’ experience, wanted to take up the challenge of designing a motor yacht catamaran, unique in nature and design, in order to fulfil the wishes of owners seeking another dimension.
The SEVENTY 8 marks an important step towards a world in which luxury and refinement are the watchwords.
Lagoon brought together an illustrious team for the design of its flagship:
- VPLP, the French naval architects with the most awards in the world of racing multihulls and also the most experienced in cruising multihulls;
- Patrick le Qu é ment, the internationally renowned designer;
- Nauta Design, the Italian interior design firm that operates in both the production boat universe and the world of superyachts of up to 600 ’ .

From the first pencil stroke, we pursued the objective of endowing the SEVENTY 8 with the DNA of a superyacht, to naturally espouse the canons of the yachting world: generous dimensions, length, beam and an emphatic expression of dynamism. It can be read in a single movement, and is not disrupted by any discontinuity; it is a whole that allows itself to be discovered in a subtle way. The beauty of the lines and proportions are subtly mastered, as well as all those small details that constitute and accentuate a whole. And, as the designer Charles Eames put it so well, “ detail is not a detail, it ’ s design ” .
