Autonomy - Sustainability - Low maintenance cost - Innovation

Available in owner's version 3 cabins, or in version 4 cabins, the **Whisper 50** is a luxury electric power catamaran combining hig quality of construction, materials, finishing and technology ; and offering large volumes of comfort in this motor-yacht size rang Flybridge aera = 24m ² (258 ft ²) / Main saloon = 43m ² (462 ft ²) / Aft cockpit = 15m ² (161 ft ²) / Forward cockpit = 8m (86 ft ²) / Owner cabin = 25m ² (269 ft ²) / Guest aera(s) = 19 m ² (204 ft ²).

The aft platform with its integrated full-width steps is an invitation to come onboard.
It is worthy of a much larger motor yacht. Very welcoming, it is practical for boarding a tender or enjoying a swim, especially as the shallow draft will allow you access to some magnificent anchoring places.

With sliding side doors and lifting aft window, you have the ability to close or open the entire yacht, offering complete flexibility When the doors are closed, you enjoy a secured and protected space. By opening them, you create a seamless connection with t outdoor environment, allowing you to fully embrace your experience at sea.

The propulsion system is provided by Torqeedo, using the best automotive industry batteries.
It consists in 2 electric motors (2x 50 kW (optional 2x 100 kW)) connected to shaft lines. The electric motors are fed by 240 kW battery pack.
Batteries are charged from 3 sources: solar panels (40 m ²) of a total of 7,5 kW, shore power connection (13,2 kW) and back-u generators of 2x 20 kW (optional 2x 35 kW).

Ranges:
Unlimited, with zero CO2 emissions, at 5-6 knots,
5 hours, with zero CO2 emissions, at 8-9 knots,
8 hours, at 9-10 knots using 2x20 kW generators,
1 hour at maximum speed of 15 knots using 2x20 kW generators.
