Commenti: MONDOMARINE. THE EXCELLENCE OF THE ITALIAN PRODUCTION. Tri deck all aluminium yacht. The new Semidisplacement 41 Metres Alexander Two consolidates the cooperation between Mondomarine and Cor D. Rover and Luca Dini who are respectively behind the exterior styling and the interior design of this yacht. Realized to be mainly used in the Mediterranean this project gives priority to the areas for relaxing outdoor, located forward of the wheelhouse with a wide sun-deck area and, above all, on the sun-deck, perfectly equipped with bar and barbecue, dining area and solarium with a jacuzzi of generous dimensions. On the contrary the interiors are divided into an Owner's suite on the main deck and four guest cabins on the lower deck. A large salon with dining room on the main deck and a lounge on the upper deck complete the layout of interiors. The interiors with their sober and elegant lines, the meticulous care for stylistic details, the use of Italian Walnut wood and Radica of Madrona for the furniture and marbles of great value make the rooms warm and comfortable and emphasize their classic and elegant character. Like all the latest yachts of the Shipyard also this Semidisplacement 41 Metres was designed, for the whole structural part, hydrodynamics and technology, by Mondomarine. Powered by a pair of MTU of 2,255 hp each Alexander Two is able to reach a maximum speed of 19 knots
